THROUGH WITH MUTUAL LIFE

INQUIRY INTO METROPOLITAN LIFE STARTED

Cromwell Continues Explanation of His Company's Syndicate Operations — Nothing Sensational Developed

New York, Sept. 14.—The legislative committee's examination into the Mutual Life Insurance company was finished to day inquiry into the Metropolitan Life started. Silas B. Dutcher, a director and member of the finance committee of the latter, was examined, but his testimony developed nothing sensational.

Earlier in the day Treasurer Cromwell continued his explanations of the Mutual Life's syndicate operations. In explaining the relations of the Mutual with trust companies, Cromwell stated the interesting fact that in the purchase of \$1,120,000 shares of the Guarantee Title and Trust company the Mutual had received in dividends \$1,122,000, making these shares cost nothing and realizing a profit. Cromwell stated these shares were now selling at over \$60.

As one advantage of dealing through syndicates in preference to buying railroad bonds direct, Cromwell said he had actually tried to buy bonds directly from a railroad company. He went to Stuyvesant Fish, president of the Illinois Central. "Fish told me he could not afford to sell bonds to the Mutual," he said.

"Then the truth is the railroads must stand in with bankers in order to sell their securities and insurance companies must stand in with bankers in order to buy at low prices?" was asked.

"Exactly."

"Bankers control the situation?"

"No doubt about that."

Cromwell told of a number of transactions between the Mutual and trust companies and banks. His attention was called to the fact that advertising, printing, stationery and postage accounts of the Mutual is \$1,131,833; of the New York Life, \$51,284; for the Equitable, \$72,645. He could not explain these because he said that matter was in the hands of a special committee. Neither could he explain the item of \$304,251 attorneys' fees.

Answering a question, Cromwell admitted the Mutual has an account with the American Exchange bank and has had it for nearly a generation.

"Do you not receive any interest?"

"None whatever; its president is one of our trustees, and he tells us frankly if we want interest we must go elsewhere, but we have not thought it gracious to close our account."

FEVER REPORT

New Orleans, Sept. 14.—Fever report up to 6 p.m.: New cases, 40; total cases, 2,162; deaths, 6; total deaths, 329.

There was nothing new in the local situation beyond the increase in the number of new cases and deaths. There were really seven yellow fever cases, but one of these does not appear on the record. It is a case of an Italian, who, in delirium of his fever, secured a revolver and blew out his brains.

PLANS OF NORWAY

Copenhagen, Sept. 14.—A Norwegian diplomatist said to the Associated Press to day that if owing to opposition of the Swedish government Prince Charles of Denmark should decline to ascend the throne, Norway negotiations probably will be opened with Prince George of Greece, who was educated at the Danish naval college.

Karlskrona, Sweden, Sept. 14.—A Norwegian fleet of thirteen vessels is cruising in the Norwegian ports of Arendal and Christiania.

DEAD BODY FOUND

Watertown, Wis., Sept. 14.—The body of Miss Emma Schultz, daughter of Louis Schultz, was found floating in Rock river to day. She went boating last evening with Hans Traeumer, son of Maj. George P. Traeumer, a former resident of Watertown. It is said the boat was found half full of water near where the body of Miss Schultz was found. The whereabouts of Traeumer is unknown to day.

ARRESTED FOR FORGERY

Boston, Sept. 14.—Harry Clifford Brown, a Boston stock broker, was arrested to day on a charge of forgery. According to the authorities of trust companies, other corporations and individuals claim to have lost \$75,000 through transactions with Brown.

DECLARED INSANE

Milwaukee, I. L., Sept. 14.—Isaac Schamus, arrested at Oyster Bay Tuesday after having made efforts to see the president in order to present to him a plan for handling the anthracite coal output, was declared insane.

CHOLERA CASES

Berlin, Sept. 14.—An official bulletin announced nine fresh cases of cholera and two deaths to day.

REVENUE DECISION

Affects Patent Medicines Composed Largey of Distilled Liquors.

Washington, Sept. 14.—The commissioner of internal revenue to day rendered a decision that will seriously affect a number of patent medicines composed largely of distilled liquors. He has reversed the decision of his department made many years ago and now decides that manufacturers of medicines must take out licenses as refiners and liquor dealers; that druggists and others handling them will have to pay the usual retail liquor dealers' license.

PLANS OF SANTA FE

Kansas City, Sept. 14.—H. U. Mudge, second vice president of the Rock Island system in passing through Kansas City is quoted as having confirmed the report the Santa Fe is endeavoring to purchase the Rock Island's St. Louis and Kansas City line. Mudge said he presumed the conference regarding the sale would be resumed in Chicago within a few weeks.

RESIGNATION ACCEPTED

Budapest, Sept. 14.—Emperor Francis Joseph to day accepted the resignation of the cabinet headed by General Baron Pejvar of Hungarian Prussia, at the same time directing the ministers to continue in performance of their duties until further orders.

CHOSE CANDIDATES

Nebraska Republicans in Convention—Fight on Railroad Passes

Lincoln, Neb., Sept. 14.—Nebraska Republicans at their state convention to day nominated:

Justice of the supreme court—Charles B. Letton, Faribury.

Regents of university—V. C. Liford, Falls City, and Frederick Abbott, Columbus.

While the contest for head of the ticket was spirited, interest centered in platform declarations, especially planks referring to railroad passes and the transportation question. On the question of passes the committee recommends a law be enacted to prevent their distribution.

The platform endorses the administration of President Roosevelt and congratulates him on securing peace between Russia and Japan; demands legislation to prevent payment of rebates on freight rates and unlawful discrimination; approves the president's utterances on the railroad questions and demand representatives in congress co-operate with the president to bring about a change in the present conditions.

BAIL REFUSED.

Carbondale, Sept. 14.—William P. Lehdecker, alleged embezzler and a confessed ex-convict, was locked up in the county jail here, after making a canvas of the city in a futile effort to obtain bail. His arrest in St. Louis was caused by the Carbondale Plumbing and Heating company, for whom he had worked as bookkeeper. The affair has created a sensation here, where his bride of a few weeks, formerly Mrs. Eliza Grammer, is well and favorably known. She refuses to render him financial assistance.

CHRISTIAN ENDEAVOR

Boston, Sept. 14.—The quarterly report on the progress of the Christian Endeavor movement by Rev. Francis B. Clarke, at present president of the United Societies Christian Endeavor, made public to day, records advancement in Christian Endeavor throughout the world. There are now 67,000 affiliated societies, an increase of 23 since the last bulletin.

CONSPIRACY AGAINST GERMANS

Victoria, B. C., Sept. 14.—Then Tsin newspapers publish news of a widespread conspiracy in Shantung to rise against Germans on Sept. 16. The impartial says each family is to provide one fighting man, whose equipment will be paid for by subscription.

MANY PEOPLE DROWNED

Seoul, Sept. 14.—Three storms which taxed the velocity of a typhoon have swept Corea. The town of Gensan was swept away. At Seoul many people were drowned. At Seoul many buildings were destroyed.

MURDER AND SUICIDE

Davenport, Iowa, Sept. 14.—Medie Derby, a school teacher, was shot and killed near Wilton to day at a country school by Arthur Webb because she would not marry him. Webb committed suicide by shooting.

CURED HEMORRHAGES OF THE LUNGS

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Sold by J. A. Obermeyer, City Drug Store.

PROHIBITION NOMINEE

Boston, Sept. 14.—The State Prohibition convention to day nominated Willard O. Wyllie, of Beverly, for governor.

APPROVED BY ROOSEVELT

CONTRACT FOR CANAL COMMISSION TO STAND

President Approves Report on Subject Made by Chairman Shantz—Report Made Regarding Protest.

Oyster Bay, N. Y., Sept. 14.—The contract for hotel and subsistence concessions on the Panama canal zone awarded Jacob E. Market, of Omaha, Neb., by President Shantz of the Panama Railroad company will stand.

This, in effect, is the decision of President Roosevelt, who to day approved the report on the subject made to him by Shantz. The contract amounts to the aggregate to many millions of dollars, but Shantz' report indicates it may be abrogated at the will of the government, which actually will own the permanent plant used by Market in filling the terms of his contract.

The president to day authorized publication of the report he had received from Shantz as president of the Panama Railroad company, regarding the protest recently received by him from Hudgings & Dumas and H. L. Bufile, of New York, against the award of the contract to Market. The report is simply a statement of the various steps Shantz took in the matter and reasons which impelled him to grant the concession to Market.

The protest forwarded to the president by Hudgings & Dumas and H. L. Bufile alleged they had not been accorded fair treatment by Shantz and that through a leak in Shantz' office Market had been informed of the nature of their proposal and had been enabled thereby to incorporate in his bid the menu which Hudgings & Dumas had submitted.

Shantz' statement clears up these allegations to the satisfaction of the president. He, therefore, has approved the report and no further action concerning the protest probably will be taken.

Shantz says all bids were made on the same specification; that the menu referred to by the protestants was prepared by Hudgings & Dumas and by their permission was made part of the specifications upon which all bid, and that is the way it got into Market's bid.

Shantz says that in every item but one Market was either as low as or lower than Hudgings & Dumas.

NOT LARGE ENOUGH

Demand for Space in State Fair Grounds Greater Than the Supply—Plans of the Management

Springfield News: "If we had another fair grounds as big as these and equipped with the same kind of buildings, we could fill them all for the coming fair," said Secretary W. C. Garrard of the state fair board in speaking of the prospects for a great exhibition next month. "Since I have been secretary I have never known such a desire on the part of exhibitors to get space on these grounds. It seems that everybody who has anything worth exhibiting wants to come to Illinois. There is one thing certain, the exhibition of livestock and farm machinery will be the largest, best and most complete ever shown."

That this is not the enthusiastic statement of an official was evidenced by the appearance of the plots of the grounds. They are marked up until it is apparent that all space has been taken. The letters from exhibitors and applicants for space who have had to be turned down is also another evidence of the exact truthfulness of the secretary's remarks.

The officials of the fair are most pleased with the prospect. They believe it demonstrates the wisdom of their action in holding the fair last year even in competition with the world's fair. Had the grounds been closed then, it is believed Illinois would have required years to have regained its old position among state fairs. As it is that fair this year promises to be the greatest on earth in fact.

The action of the supervisors Wednesday in voting \$450 for the illumination of the court house completes the scheme of down town decoration. The board in former years has provided for the illumination of the county building and it has been one of the features. It is now hoped that the state authorities can be induced to dress up the state house as it used to be. The last illumination of the big building was the chief attraction of the night and excited the attention and admiration of thousands from every section of the state. It is hoped that similar illumination may be made this year.

RACE FOR COAST

Chicago, Sept. 14.—The Record-Herald says: "A race for the Pacific coast is to be on between the Northwestern and the St. Paul railroads. That the former purposes building such a line is indicated by the incorporation of the Pierce-Rapid City & Northwestern Railway company at Pierce. The Northwestern has purchased the right of way, surveyed and acquired years ago, and proposes commencing construction at once. The material has been hauled to Pierce, which is the terminus of the Northwestern. The new line will take the Bad river route through Stanley county, across Lyman county and through Pennington county to Rapid City, 165 miles. At Rapid City the new line will connect with the branch of the Northwestern connecting Dyers Junction with Deadwood and Middle Creek. The St. Paul is already constructing an extension from Chamberlain, S. D., west, almost parallel to the Northwestern's proposed route.

RATE LEGISLATION

Dos Minges, Sept. 14.—Senator Dolliver in an interview to night said that the majority of the committee opposes rate legislation in the next congress the minority will present a report in line with President Roosevelt's views on the question of railroad legislation.

JUDGE APPOINTED

St. Paul, Sept. 14.—Governor Johnson to day appointed Judge C. B. Elliott, of Minneapolis, to fill the vacancy on the supreme court bench caused by the resignation of Justice Loyell.

NO SCORE GAME

Springfield, Sept. 14.—The local team played a no score eleven-inning game with the Pittsburgh Nationals to day. The game was called on account of darkness.

NINE PERSONS BURNED

Czenstochowa, Russia, Sept. 14.—A collied factory was destroyed by fire here to day. Nine persons were burned to death and several others injured.

DEATHS

Detroit, Sept. 14.—Mrs. William E. Quinn, by wife of the editor-in-chief of the Free Press, died to day.

ENVOY OF POPE

Bishop O'Connell of Maine to Represent Catholic Church in Japan.

Portland, Me., Sept. 14.—Bishop William H. O'Connell of the Roman Catholic diocese left here to day for San Francisco, where he will sail as a special envoy of Pope Pius X. to the emperor of Japan. The bishop would say nothing regarding the purpose of his mission, but it has been learned, however, the pope has long considered the advisability of appointing a papal representative in Japan, where the Catholic church, although held in good favor by the emperor, is said to be unpopular among some classes because of the imputation it is a French institution. It is believed O'Connell's absence will be extended.

PROTEST MADE

Dos Minges, Sept. 14.—At the request of Iowa farm implement manufacturers Senator Dolliver to day wired Secretary Root at Washington a suggestion the United States protest against proposed tariff legislation in Argentina against the admission of American repairs for industrial and farm machinery. F. L. Maytag, of Newton, Iowa, implement manufacturer, was advised by cable to day that Argentina to enact a 25 per cent duty on such implements from this country, which would seriously injure the American implement trade with Argentina.

OFFICIAL REMOVED

Western Continent to Have Direct Communication With Japan and China

New York, Sept. 14.—Through American enterprise the way has been won to connect the western continent by direct cables with Japan and China. Clarence H. Mackay, president of the Commercial Pacific Cable company, to day announced his company had secured the necessary concessions to enter Yokohama, Japan, and Shanghai, China. Yesterday the last step in a series of diplomatic negotiations was taken when Takahira, Japanese minister, signed Japan's agreement with the Central Pacific Cable company for landing rights at Yokohama. The agreement for landing at Shanghai was signed by China several weeks ago.

Cable connections with both Japan and China will be made by extending the present line of the company, which runs from San Francisco through Honolulu, Midway Islands, to Manilla to Shanghai.

FIRE LOSSES

Chicago, Sept. 14.—Fire to day partially wrecked the building occupied by the Fensterstone Foundry and Machine company, Halsted street. Loss, \$150,000.

Spokane, Wash., Sept. 14.—A large portion of the business section of Grangeville, Idaho, was burned to day. Loss, \$250,000. Divers who examined the building say there were a thousand additional rifles on board.

POWERS INTERVENING

London, Sept. 14.—Reports from Copenhagen to night say that some of the powers are intervening to secure peaceful settlement of the difficulties between Sweden and Norway. Both Swedish and Norwegian papers regard a crisis as acute.

Swedish papers even talk of an ultimatum and preparations for mobilization, but though the situation is strained it is not believed it will lead to war. A Christian paper asserts Norway would gladly accept either arbitration or mediation, as the Norwegian government has a sincere desire to effect an understanding with Sweden.

ARMISTICE SIGNED

Chicago, Sept. 14.—The Record-Herald says: "A race for the Pacific coast is to be on between the Northwestern and the St. Paul railroads. That the former purposes building such a line is indicated by the incorporation of the Pierce-Rapid City & Northwestern Railway company at Pierce. Betwixt and Between

At this season of the year you cannot afford to be without ice—and you must also look ahead and see about filling the coal bin for winter.

Pure lake ice fed by a refreshing spring will keep your meats and vegetables cool and delightful to the last when the mercury soars up, as it will do occasionally even in September. And if you fill your bin now with Ideal coal you can rest satisfied that you will be kept comfortable all winter.

Ideal coal will not clink in your grate and makes less ashes and more heat than other coals. WE know what Ideal coal will do and can recommend it to you unconditionally. Either phone—Illinois, 10 and 13; Bell, Main 510.

RACING MATINEE

FREE-FOR-ALL PACE EVENT OF INTEREST ON CARD

Vandeeventer Was too Fast for Field—N. T. Kirby Behind the Handsome Black Stallion—Match Between Tanner and John R. Tanner May Be Arranged.

The races of the Jacksonville Driving club at the fair grounds Thursday afternoon were enjoyed by the usual crowd, and although the card was not as attractive as was the case at the last matinee, some good sport was enjoyed. The greatest interest was in the free-for-all pace, with five entries. Vandeeventer had it largely his own way, but Motor, Jr., Minimum and Lady J. had a contest for second money, which made it interesting.

The 2:30 pace was expected to be a good race, but Planter, Tucker and Diamond Wilkes were the only starters, although Big Billy entered in the second heat. Tom Thumb was to be here, and was ready to leave Franklin Wednesday, when the rain came up and he stayed at home. Big Billy was off and came in last in the two heats in which he started.

The officials of the races were: Judges—E. T. Lukerman, Charles Thompson and W. R. Mitchell. Timers—Frank Huffaker, Clint Corrington and J. W. Woods.

Starter—A. D. Arnold. Marshal—Capt. J. E. Wright. The races by heats were as follows:

3:00 TROT.

First heat—The first race was the 3:00 trot. There were two starters, Effie (Massey, Siber up) drew the pole; Nellie (Craig) on the outside. They got a good start, but both broke around the turn. Effie took the lead and Nellie could not head her. Time—1:18.

Second heat—They were off the third time down, and Effie took the lead. Nellie broke at the turn and failed to make the usual gain. Effie

was more steady than in former races and kept her feet all the way around, winning by two lengths. Time—1:17. Third heat—They got the word the second time. Effie took the lead with Nellie close behind. Craig walked for the sorrel mare to break, while she did at the three-eighths, and Craig drove his mare around an easy winner. Time—1:16½.

Fourth heat—Two starts got them away. Craig's mare broke at the first turn and Effie took a big lead which she held, taking the heat and race in the slow time of 1:18½.

2:30 PACE.

First heat—There were three starters in the 2:30 pace. Planter (Huffaker) drew the pole; Tucker (Vosseller, Doolin up) second, and Diamond Wilkes (Benson & Co., Benson up) on the outside. They got the word the second time, Diamond Wilkes broke at the first turn and was out of it. Henry drove up with Planter and won handily; Tucker second and Diamond Wilkes, third. Time—1:18.

Second heat—By agreement, Big Billy was allowed to enter the 2:30 pace, Boone driving. Benson was replaced by Charles Massey, although Big Billy entered in the second heat. Tom Thumb was to be here, and was ready to leave Franklin Wednesday, when the rain came up and he stayed at home. Big Billy was off and came in last in the two heats in which he started.

FREE-FOR-ALL PACE.

First heat—The third race was the free-for-all pace. There were five entries. Robert Whitley, Jr. (Clary) drew the pole, Vandeeventer (Masters, Kirby up) was second, Motor, Jr., (Craig) third, Minimum (Henry, Doolin up) fourth and Lady J. (Jericho) on the outside. It took twelve starts to get away and it was a race from the start. Robert Whitley broke at the first turn and Vandeeventer took the lead, with Motor Jr., in close second. Minimum went up, but showed speed and was in the going to the last. Vandeeventer won the heat, with Motor, Jr., Lady J. and Minimum close behind in the order named; Robert Whitley fifth. Time—1:09½.

Second heat—They were off the second time, Robert Whitley trailing. The going was furious from the start. Doolin drove Minimum up and she passed Vandeeventer in the back stretch. The crowd stood up and cheered. Kirby got down to business then and drove Vandeeventer to the wire. They came past the three-eighths neck and neck, but Vandeeventer forged ahead and took the heat. Minimum and Lady J. had a race for second place and both came

in under the whip, Minimum having the best of it by a head; Lady J. third, Motor, Jr., fourth, Robert Whitley fifth. Time 1:07½.

Third heat—They were off the second time and the contest was hot again. Minimum broke at the turn, but caught and went after the heat, closely crowding Vandeeventer. Craig drove up at the three-eighths and crowded the leader, taking second place; Minimum third, Lady J. fourth, Robert Whitley fifth. First money to Vandeeventer, second to Motor, Jr., Time—1:09.

GREEN PACE.

First heat—The last race was the green pace. There were three starters. Minnie Lee (Hall) drew the pole, Nellie Tanner (Crabtree, Craig up) second and Billy Tanner (Green) third. They took the second chance and got off together. Minnie Lee broke under the wire and fell several rods behind. Billy Tanner also broke, and Nellie Tanner took the heat easily; Billy Tanner second, Minnie Lee third. Time—1:18.

Second heat—They were off the second trial and Nellie Tanner took the lead from the start. Billy Tanner took second place and Minnie Lee was third. Time—1:19½.

Third heat—Minnie Lee was drawn from the green pace and Nellie Tanner took the heat and race; Billy Tanner second. Time—1:21.

But oh, for the sad hearts left behind.
Who will see thee nevermore.

For there are sad hearts who will mourn
the loss
Of a dear, true, loving friend,
And oftentimes will long to call you back.
To be with them once again.
For that is the wish, sad heart in life.
The parting from a dear, kind friend.

New Management

the Big Store JACKSONVILLE

New Methods

Our First Day Was a Success

The welcome that the people of Jacksonville and Morgan county accorded us Saturday was very gratifying. It was beyond our greatest expectations. Although the store is not yet re-arranged entirely to suit our plans, the stocks are rapidly assuming convenient shape and a few days more will see marvelous changes here.

Remember Our Introductory Sales

As announced Saturday morning we will continue this week to offer a reduction of 20 per cent in all departments except Domestic. In this department 10 per cent will be given. If you were not a Saturday visitor to this store—Be a Monday visitor.

THAT'S WHAT THEY ALL SAY.

The following is an extract from a letter received by the Jacksonville Cigar company from a gentleman who has spent his entire life in the tobacco business and whose judgment ought to count for something. The firm withholds the name of the writer, as they have no authority to publish it, but if any one is in doubt as to the genuineness of the following they may see the original if they will call at the factory. The following is the letter in part:

"By the way, boys, I must not fail to compliment you very highly on that little Country Club cigar, and I am frank in stating that it is as good a combination as I have smoked in a long while, and if it doesn't keep the best of them, guess I am greatly off in my judgment. Whatever you have in the cigar, it is positively all right. It ought to prove an unbound success if merit counts for anything."

INTERNATIONAL CORRESPONDENCE SCHOOL DISPLAY.

Those desiring to look into the work of the International Correspondence School of Scranton, Pa., would be interested by calling at the Main building east side square. This display is conducted by Messrs. Byers and Jordan, who are glad to explain the manner of teaching and show some of the work done by local students. The plan of teaching is unique and thorough and the terms are within the reach of everybody, as 200 Jacksonville students will testify. This display will continue until Sept. 20th and a special discount is given students who enroll during this exhibit.

ROYAL CHEEF TO MORROW NIGHT.

It is not often that an audience will stay in the theatre and applaud the finale of a performance, but in "The Royal Chef," which comes to the open house to morrow night, the feature of the last act is one to keep them in their seats until the last curtain, and which always receives an outburst of applause, which would do credit to a big number in the show. The reason for this is the rain of confetti which descends all over the stage at the very end of the show. Over 8,000 yards of varied colored confetti or common ribbon paper come down from the flies, enveloping chorus and principals. The girls of the chorus are each supplied with several rolls of this confetti, and they throw it out into the audience. The effect is a very pretty one. The device controlling this downpour of confetti is patented by the Messrs. Shubert.

SOFTNESS OF SEALSKIN.**Ritated by Human Hair Where Dandruff is Eradicated.**

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy. When healthy, and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpield is the only preparation that is fatal to the dandruff germ. Without damage there is no rolling hair, but a luxuriant growth of glossy, soft hair is guaranteed. Kill the dandruff germ. Thousands of women owe their beautiful mists of hair to Newbro's Herpield. Sold by leading druggists. Send 10c in stamp to The Herpield Co., Detroit, Mich.

AMERICA'S GREAT HARVEST.

Translated into terms which the wayfaring man will understand, the government's report on the condition of the great crops means a yield for 1905 of 2,717,000,000 bushels of corn, 704,000,000 bushels of wheat, 930,000,000 bushels of oats, 30,000,000 bushels of rye, 135,000,000 bushels of barley and 283,000,000 bushels of potatoes. Of the aggregate wheat crop, 424,000,000 bushels is of winter wheat and 280,000,000 of spring wheat.

In corn this is the largest production ever scored. The highest previous yield was in 1902, which was 2,623,000,000 bushels. Only in 1901, when it was 748,000,000 bushels, did the wheat crop go above the 1905 yield. Oats never beat this year's figure except in 1902, when the output was 988,000,000 bushels. In 1901 and 1902 rye went a little above this year's level. In 1904 barley beat the 1905 output by about 4,000,000 bushels. Potatoes have several times scored higher totals than they did this year. The aggregate of the cereal crops for 1905 is much above that of any previous year.

ILLINOIS NEWS ITEMS**Habeas Corpus Proceedings to Recover Child — Lowering La Grange Dam—Older Barrel Explodes With Fatal Result—Boy Brutally Pushed Under Train.****TO RECOVER CHILD.**

Murphysboro—Mrs. C. M. Burns, of this city, has instituted habeas corpus proceedings at Benton, Mo., through an attorney of this city, for the recovery of her 10-year-old daughter from her husband. While Mr. and Mrs. Burns were residing in Thebes Mr. Burns was shot by his wife, who alleged that he tried to beat her. After the shooting Mrs. Burns and son and daughter moved to this city. After recovering from his wounds Mr. Burns went to Illinois, Mo., where he worked as a carpenter. At different intervals he came to this city to visit his children. Mrs. Burns sent the children to the station to meet him. One week ago the daughter, Addie, was sent to the train to meet her father. When the train he was to return on left it is alleged that Burns took the girl along. Monday Mrs. Burns went to Illinois and found the child under a tree, it is alleged. The girl's father, it is said, was working nearby.

BROTHERHOOD GATHERING.

Chicago—Nearly a thousand Episcopalian clergymen and laymen will, early next week, go into a "retreat" from the world and will for four days lead a communal life in Chicago, much like that of monks in a cloister. The "retreat" will be the power group of buildings at the University of Chicago. The participants will be the delegates to the twentieth annual convention of the Brotherhood of St. Andrew.

LOWERING L'GRANGE DAM.

Beardstown—The work of lowering the dam in the Illinois river at LaGrange, several miles below here, has commenced. Two feet will be removed from the top of the dam, which is 819 feet long and 23 feet wide. Forty or fifty workmen will be employed and it will take four months to accomplish the work. Captain Wind will charge. The charge will cost the drainage board about \$15,000.

The portion of the dam removed will be replaced by a fish board, which will fall automatically during high water, and which it is thought will save much land from overflowing when the river is on a rise.

CIDER BARREL EXPLODES.

Waggoner—Thomas Gunter, aged 10, is dead, and Albert Guthrie fatally injured as the result of the explosion of a cedar barrel at the elder mill of Gunter & Burch.

Mr. Gunter arrived at the elder press with a load of apples which he desired made into cider. Mr. Gunter was steaming a barrel in the ordinary manner, using steam from the boiler, when suddenly there was a terrific explosion.

The Gunter boy and Mr. Guthrie were standing close to the barrel at the time and were terribly scalded. Medical attention was secured as quickly as possible. The boy lingered in terrible agony until he died.

Mr. Guthrie is in a very critical condition and the attending physicians can hold out no hope of his recovery.

SHOT IN THE HEAD.

Edwardsville—Henry Selby surprises the physicians by living after a bullet which entered between his eyes passed completely through his head. It was fired by his sister-in-law, Mrs. Joseph Maze. Selby's wife is nursing him, but she justifies her sister in the shooting of Selby, who had driven her from home, by mistreatment, and would have killed one or both of them.

BRIDE GOES INSANE.

Paris—Mrs. Lou Huckle, of Kansas, was day taken to the insane asylum. She was married Sept. 2 and was yesterday adjudged insane in the county court.

WOMAN COMMITS SUICIDE.

Kewanee—Mrs. Camillo Van Den Berg, who had at times been inclined to be morose, committed suicide while her husband was away at work by taking poison. He found her body in the weeds near their home.

DASTARDLY ACT.

Springfield—Albert Bamforth, aged 11 years and the son of Thomas Bamforth, a prominent Republican of the seventh ward, was pushed under a moving Chicago, Peoria & St. Louis freight train Wednesday night at 6:30 o'clock by a negro and as a result will lose his left arm and leg. The boy was yanking along the tracks near Fifteenth street, close to the fast moving freight train. He was hurrying to the shop of a small cobbler and did not notice the approach of any one. A negro advanced on him from behind and impelled by some fiendish instinct, pushed the boy beneath the wheels of the train. The boy tried his best to avoid the wheels, but his left arm and leg were caught beneath them and crushed. He lay by the side of the track for several minutes before C. E. Isnow, who is employed at the Illinois Central roundhouse, discovered him.

OVERHAULING PLANT.

The Jacksonville Meat company is installing in their packing house a refrigerator with five times the capacity of the old one, at a cost of about \$8,000. The Frick company of Waynesboro, Pa., has the contract. The new refrigerator will enable the company to kill 1,000 hogs and 200 cattle per week. The whole building is being overhauled and repaired and the plant when completed will be one of the largest independent concerns of its kind in the state.

READ THE JOURNAL 10c A WEEK.

CASE DISMISSED.

The case of the people vs. Henry Cooke, charged with assault and battery came up for hearing in Squire Reid's court Thursday afternoon and was dismissed by the people.

It will be remembered that on Sept. 2 Henry Glassner, of this city, had an altercation with Cooke, conductor on the Burlington, over a ticket, which ended by Glassner being ejected from the coach and placed in the baggage car. Glassner was on his way home at the time, and upon his arrival here went before Squire Reid and swore out a warrant charging assault and battery. Mr. Lewis, of the Burlington, made arrangements for Cooke to appear here without the formality of an arrest, and the dismissal followed.

The story of the trouble, as told by Mr. Glassner, was published in the Journal at the time.

Mr. Cooke's story of the affair is as follows: He kept Mr. Glassner's ticket by mistake, and upon being asked to return it said he would do so, and started back through the train to look over his tickets. Glassner was persistent in demanding the return of the ticket, and became so annoying that Mr. Cooke, upon the request of a number of passengers, removed him to the baggage car with the assistance of the brakeman.

William Johnson, of Winchester, who is a friend of Mr. Glassner, and who was with him at the time of the affray, was the witness depended upon by the state. He was brought to the city on a subpoena Thursday, and after being in conference with him, Mr. McAvoy, representing the state, informed the court that he had secured additional light on the case, and moved that the same be dismissed.

The defense had a number of witnesses to put on the stand in behalf of the conductor's statement. W. T. Wilson represented Mr. Cooke.

Mr. Cooke is one of the most popular conductors on the Burlington and is widely known, especially in railroad circles.

FINAL SPECIAL TAX NOTICE.

In the Matter of the Special Tax of the City of Jacksonville for the Construction of a Brick Pavement on West Court Street.

NOTICE IS HEREBY GIVEN to all persons interested that the board of local improvements of said city has heretofore filed in the county court of Morgan County, Illinois, in said cause, a certificate showing the cost of the work, the amount reserved for interest, and also that the improvement has been constructed in substantial conformity to the requirements of the original ordinance thereto.

The hearing to consider and determine whether or not the facts as stated in said certificate are true will be held in said court on the 25th day of September, A. D. 1905, at 9 o'clock a. m., or as soon thereafter as the business of the court will permit.

All persons desiring to file objections in said court before said day, and may appear on the hearing and make their defense.

Dated at Jacksonville, Illinois, Sept. 9, A. D. 1905.

MATRIMONIAL**BRANER-LOUGHARY.**

Among the worthy families in the northwestern part of the county, known by the classic name of Cracken's Bend, none stand higher than those of Braner and Loughary. They represent industry, integrity, good neighborliness and the virtues which go to make this country desirable as a place of residence. Thursday afternoon a representative of each of these families, in the persons of Fred Braner and Miss Nellie Loughary, appeared in the office of Squire Amos Henderson armed with the proper license and made known their desire to tread the path of life together.

The bride was accompanied by her two sisters, Mrs. Robert Silcox and Miss Loughary, while the groom had for a companion his friend, Robert Silcox. The bride was becomingly arrayed in a handsome dress and looked sweet and attractive, while the groom appeared worthy of the treasure he had won for a life companion. The pair stood before the worthy squire, who said the words which, with their mutual vows, made them husband and wife, and then they received the sincere congratulations of the friends present.

They will at once go to housekeeping at the home of Mr. Braner's father, whose wife is dead, and who will hail with joy such a winning lady as his daughter-in-law to provide over his household.

The young people will begin life under very pleasant and favorable circumstances and all will cordially wish them a happy voyage over the sea of existence.

PATTERSON-COULTAS.

Irvin Patterson, son of William Patterson, and Miss Florence Coultaas, daughter of Robert Coultaas, were married Thursday evening at 8 o'clock at the residence of Rev. R. E. Trapp on West College avenue. They were accompanied by Misses Martha and Maude Patterson, sisters of the groom.

Mr. and Mrs. Patterson will reside on farm in this county.

"UNCLE TOM" TO NIGHT.

Bloodhounds are essential in an "Uncle Tom's Cabin" production, perhaps as much as the ever-pleasing lawyer Marks. Omit the dogs and you take the beauty from the play and make it unrealistic. In Al W. Martin's revival, which is booked at the Grand to night, are used six of the most dangerous, man-eating bloodhounds ever seen, which were secured by Mr. Martin's agent at no small expense or trouble. The scene and electrical display is the greatest ever executed for an "Uncle Tom's Cabin" production, and the company numbers over fifty all white people.

Music books No 2 at Ledford's.**PROPERTY MAY CHANGE HANDS.**

There is a well defined rumor that an important real estate transfer will take place to day involving property on East State street. In event the transfer is made the property purchased will be platted and a street laid out running north and south from East State street to East College avenue. This will open up a large number of lots facing not only on the two streets named, but on opposite sides of the new street to be opened.

ENGAGEMENT ANNOUNCED.

Mr. and Mrs. Ripley D. Saunders, of St. Louis, announce the engagement of their daughter, Anne Grace Spearing, of Chicago, to Mr. Oris Thrastan Fell, of Chicago, formerly of this city.

CASH TELLS**AND THE SPOT CASH MARKET WILL PROVE IT**

Now Establishment to Be Opened Saturday Morning at the Bonneau Corner of the Square in the Osborne Building.

The present is verily a day of progress and enterprise, and it is a pleasure to note all evidences of growth and prosperity in our beautiful city. The one the Journal is called on to chronicle at the present time is one which outshines anything of the kind in the state, if not in the country. Reference is had to the Spot Cash Market, which will be opened for business to morrow morning in the Osborne building on the southeast corner of the square. The exterior of the building has been made attractive in a coat of golden yellow paint, while on the doors and windows, in porcelain letters and conspicuous in handsome sign, are the words: "Spot Cash Market".

Robert Smith is the proprietor and the experience and acquaintance the gentleman gained in his long management of the Widmeyer market on West State street will stand him well in his present position. To his artistic and practical skill and long experience and ability may be credited the remarkably fine, ornamental and useful arrangement of the interior of the place. Entering the apartment, which is 35x100 feet, one is struck with the pearly whiteness of everything, and it is not of the cheap kind either, but is finished in enamel paint so that it may easily be kept clean, and the proprietor invites the patrons of the place to go behind the counters and inspect everything most thoroughly, and be satisfied of the thoroughness with which all has been done. The furniture, the counters, the ceiling, even the stems of the electric fans are all of the same snow white hue, while the employees are to be arrayed in white garments, and the drivers of the wagons, also; and on their caps, in letters of gold, will be the same words: "Spot Cash Market"; while for the sake of variety the vehicles will be finished with yellow bodies and vermilion wheels.

Entering the apartment, one is struck with the excellent arrangement of everything. The cashier's desk and telephones, No. 171, both are directly in front and convenient for all. In the large north window is an arrangement for the display of fresh vegetables, which will be kept fresh and cool with three sprays of cold water, while the west window will also afford opportunity for still further display. For the convenience of callers there is a novel scale in front where, free of charge, a person can be weighed and have his height ascertained at the same time.

Several computing scales will aid in the quick dispatch of business and insure strict accuracy in all things. Six improved blocks give opportunity for cutting quickly with dispatch and in the most cleanly manner. The arrangements for oysters and fish are most complete and elegant. Surrounded by ice in a close bin the delicious bivalves will be kept ready for sale, while the fish will be arranged in a water tight compartment and an abundance of ice to keep them of the proper temperature. Additional bins for the storage of vegetables are conveniently placed where they can best be used. The counters are covered with marble slabs an inch and a half thick and 32 inches in width, and even the racks on the sides of the walls have marble shelves under them, so that the odor of water soaked woodwork will be wholly lacking in this attractive place. Electric fans will make a comfortable temperature in the summer, while an ample refrigerator 12x12 and 14 feet high, will keep everything cool and sweet. The lard and butter trays can be opened into the sales room without entering the refrigerator; one bin is set aside for finest quality of print butter and another for the other varieties, and both are enclosed in an air tight galvanized iron box placed within the refrigerator, getting all the coolness needed, and absolutely preserving the butter from all taint from any source whatever.

The meats will be kept on trays porcelain lined and will thus be convenient and sweet and clean at all times. In fine; it is hard to see what can be lacking in this remarkable place, and as was said at the beginning of this article, it is doubtful if its equal can be found in the state, or even outside of it. Mr. Smith has certainly outdone himself, and the results cannot help being satisfactory.

It is his intention to carry full lines of all kinds of fresh and salted meats, vegetables, fruits, oysters in season, fish such as have not heretofore been sold here, such as the best quality of lake fish and salt water. Selling for cash, Mr. Smith can undersell those who have to make allowance for bad debts, and the advantage of this will be evident to any one. Remember the Spot Cash Market.

ourselves to the people of this city and vicinity, we believe there is to be a GREATER JACKSONVILLE. Being ready to assist we are locating our large Clothing, Hat and Furnishing Goods store at the northwest corner of the square, (Seeberger's old stand), and are determined that the trade shall have a greater purchasing advantage at home. By square dealing and honest values we have built up a business at Springfield until today our store there is one of the largest in the state. The same class of Merchandise we sell there will be sold in our Jacksonville store.

BOX CAR BODIES FOR SALE.
They make the best wheat and oats granaries. Good for shop or other outbuilding. No better corn crib. So strong, if storm blows over can be replaced on foundation no worse for the fall. Delivered on your farm and set on foundation for \$35.00 to \$50.00 according to size, condition and number you buy. Farmers in Jersey, Greene and Pike counties have found them cheap and useful enough to purchase as many as half a dozen for one farm. One lumber, grain and coal dealer owns eight, which is certain evidence that these cars are cheaper and more substantial than you can build. Good note same as cash. Special salesman on ground every Saturday, 11 a. m. to 3 p. m., at storage yards (Portuguese hill) about 1 mile north of Jacksonville. If you will examine these cars before building you will buy and not build. Man in charge resides at yards and will show you cars any time. Telephone 072.

DEATH RECORD

ALLEN.

Mrs. Mary E. Moxley received word Wednesday of the sudden death of her uncle, James E. Allen, at Rockwood.

The deceased was well known in this city and doubtless will be best remembered as "Eph" Allen. He was a cook by trade and spent a great portion of his life in this city.

The remains were brought to this city Thursday morning and taken to the home of Mr. and Mrs. Moxley, 472 South Clay avenue.

The funeral will be conducted from the A. M. E. church this afternoon at 2:30 o'clock, with Rev. H. Luckey in charge, and interment will be in Jacksonville cemetery.

FUNERALS

SMITH.

The funeral of Miss Eliza Smith was held at the residence of Mrs. Ames Straight on Hardin avenue Thursday afternoon at 2 o'clock. The services were in charge of Dr. H. H. Oneal, pastor of Grace M. E. church, and were of an impressive character.

Appropriate music was furnished by a quartet composed of Mrs. Charles Hopper, Mrs. J. Wein Elliott, W. J. Moore and J. Philip Read. There were many beautiful floral offerings and these were in charge of Mrs. Watson Leek, Mrs. John R. Davis and Miss May Hopper.

The bearers were Mayor John R. Davis, T. H. Rump, Watson Leek, George Syrbant, J. L. Taylor and Henry Smith. Interment was in Diamond Grove cemetery.

BANKERS' CONVENTION

Frank Elliott and Andrew Russel are State Delegates to National Association which Meets in Washington.

Andrew Russel, of the Dunlap, Russell & Co. bank, and Frank Elliott, of the Hockenhull-Elliott Bank & Trust Co., of this city, will attend the convention of the American Bankers' association, to be held in Washington, D. C., Oct 10 to 13, as delegates from the Illinois Bankers' association. Both gentlemen are past presidents of this association.

Others who will attend as delegates from the Illinois association outside of Chicago are: John L. Hamilton of Hamilton & Cunningham, Hooperston; N. H. Greene of the banking house of Greene & Greene, Tallulah; J. W. Bailey, Union National, Macomb; Thomas D. Catlin, National City bank, Ottawa; O. B. Gorin, Millikin National, Decatur; W. E. Stone, First National, Peoria; S. B. Montgomery, State Savings, Linn & Trust company, Quincy; L. L. Emerson, Mt. Vernon; Ira D. Buck, Illinois National, Peoria, and Edward R. Keys, Farmers' National, Springfield.

A number of the local bankers will probably attend the meeting of the Illinois Bankers' association, to be held in Bloomington Sept. 26-27.

A FIRST CLASS PRIMARY SCHOOL.

Parents who sent their children to the Woman's College Primary last year were well satisfied. Miss Davison is an ideal teacher of little children. Arrange for attendance with President Harker.

FROM LITERBERRY.

In reporting the Literberry news this week, our worthy correspondent was in error in reporting the funeral of Mrs. Sell Petefish. It should have been the funeral of Mrs. J. E. Daniels. Mr. Daniels is an employee of Mr. Petefish, and this fact doubtless was the cause of the error.

OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

Margrile Ryan
Margret Merkley

When a physician tells a woman, suffering from ovarian or womb trouble, that an operation is necessary, it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation, she felt that her death knell had sounded.

Our hospitals are full of women who are there for ovarian or womb operations!

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed.

In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Margrile Ryan, Treasurer of St. Andrew's Society, Hotel English, Indianapolis, Ind., writes of her cure as follows:

Dear Mrs. Pinkham:

"I cannot find words to express my thanks for the good Lydia E. Pinkham's Vegetable Compound did me. The doctor said I could not get well unless I had an operation for ovarian and womb troubles. I knew I could not stand the pain of an operation and made up my mind I would be an invalid for life.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

Hearing how Lydia E. Pinkham's Vegetable Compound had saved other women from serious operations I decided to try it, and less than four months I was entirely cured; and words fail to express my thankfulness."

Miss Margaret Merkley of 275 3d Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:

"Loss of strength, extreme nervousness, severe shooting pains through the pelvic organs, cramps, bearing down pains, and extreme irritation compelled me to seek medical advice. The doctor, after making an examination, said that I had ovarian tumor and ulceration, and advised an operation as my only hope. To this I strongly objected—and I decided as a last resort to try Lydia E. Pinkham's Vegetable Compound.

To my surprise the ulceration healed, all the bad symptoms disappeared, and I am once more strong, vigorous and well; and I cannot express my thanks for what it has done for me."

Ovarian and womb troubles are steadily on the increase among women—and before submitting to an operation every woman should try Lydia E. Pinkham's Vegetable Compound, and write Mrs. Pinkham at Lynn, Mass., for advice.

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all ovarian troubles, inflammation, ulceration, falling and displacement of the womb, leucorrhœa, irregularities, indigestion and nervous prostration.

Any woman who could read this may get free advice from Mrs. Pinkham's office would be convinced of the efficiency of her advice and Lydia E. Pinkham's Vegetable Compound.
